Increased amount of bobbin thread

This bobbin is larger than the previous type and can hold 40% more thread so the need to replace thread is reduced.

Remote Computer Screen (RCS)

LCD color touch screen. Large viewing area measuring H: 117mm x W: 86mm. USB slot on side. Attaches to MB-4S or is free standing.

Multi lighting

4 white LED lights help users increase efficiency of embroidery work.
