Extra-high presser foot lift	Maximum stitch length 5mm	Protective dust cover

### 1,000 Stitches Per Minute

Extra fast with perfect Janome stitch quality every time.

### Acufeed

This feature acts like an in-built walking foot. Ideal for super precise and accurate quilting. Great for those hard to feed fabrics such as velvet, leather, vinyl and plastic; as the AcuFeed system is feeding both the top and bottom fabrics evenly. Matching stripes has never been easier.

### Knee Lift

The knee lifter bar fits into the front of the machine and allows you to use your knee to lift the sewing foot while keeping your hands on your work. This feature is a favourite with quilters.

### Automatic Thread Cutter

Janome's Automatic Thread Cutter is the ultimate time and motion saver. It can even be programmed into the end of your stitch combinations.
