Easy Stitch Reference Guide

Just open the top cover and a quick glance of the instruction panel tells you what stitch length, thread tension and foot to use. Makes creative sewing a snap, even for a beginner.

One Step Buttonhole

Place a button into the back of the buttonhole foot and lower the lever. A perfect buttonhole is automatically made in one step.

Jam-Proof Bobbin System

Jam-proof, magnetic, top loading full rotary hook system eliminates bobbin case for convenient bobbin insertion, removal and cleaning. Thread is visible below the see-through slide plate.

Quick Foot Conversion

Just lower the lifter and a sewing foot snaps into place. Removal is just as easy - one quick touch of a button.

Convertible Free Arm

The detachable sewing table lifts out of the way easily to reveal the free arm - so handy for sleeves, cuffs and other circular work.
